Cybersecurity Awareness Bot
==========
CYBERSECURITY AWARENESS CHATBOT
==========
Your guide to staying safe
in the digital world
--- PHISHING INFORMATION ---
Phishing is when scammers trick you into giving personal info.
Signs of phishing:
- Suspicious email addresses
- Urgent or threatening language
- Spelling and grammar mistakes
- Suspicious links or attachments
🔒 Never click suspicious links! Always verify the sender.
Type 'back' to return to main menu.

--- GENERAL QUESTIONS ---
You can ask me things like:
- How are you?
- What is your purpose?
- What can I ask you about?
- Who created you?
- Why is cybersecurity important?
- Hello
- Help
(Type 'back' at any time to return to the main menu)
tebogo, what would you like to ask?
